THE MAXIMUM HOURS PROVISIONS OF THE
FAIR LABOR STANDARDS ACT

Whereas, applications have been made by Bayport Ice Company, Addison Miller Company and sundry other parties engaged in the industry of harvesting and packing of natural ice, pursuant to Section 7 (b) (3) of the Fair Labor Standards Act of 1938 and Part 526 of regulations issued thereunder, for partial exemption from the maximum hours provisions of Section 7 (a) of said Act pursuant to the provisions of Section 7 (b)

(3) applicable to industries found by the Administrator of the Wage and Hour Division to be of a seasonal nature, and Whereas, it appears from said applications that:

(1) natural ice is formed in commercial quantities on lakes, ponds, and rivers only in the winter months, and

(2) natural ice can be and is harvested only in the regularly recurring winter months when the natural ice is available, and

(3) natural ice can be and is packed into ice houses or refrigerator cars only at harvesting time.

Now, therefore, upon consideration of the facts and reasons stated in said applications, the Administrator hereby determines, pursuant to Section 526.5 (c) of said regulations, that a *prima facie* case has been shown for the granting of an exemption pursuant to Section 7 (b) (3) of the Fair Labor Standards Act of 1938 and Section 526.3 of regulations issued thereunder, to the natural ice harvesting and packing industry.

In accordance with the procedure set forth in Section 526.5¹ of the regulations issued under said Act, the Administrator will receive objection to the granting of the exemption and request for hearing from any person interested for fifteen days following the publication in the FEDERAL REGISTER of this preliminary determination. States Department of Agriculture), pursuant to Section 7 (b) (3) of the Fair Labor Standards Act of 1938 and Part 526 of regulations issued thereunder, for partial exemption from the maximum hours provisions of Section 7 (a) of said Act pursuant to the provisions of said Section 7 (b) (3) applicable to industries found by the Administrator of the Wage and Hour Division to be of a seasonal nature, and

Whereas, it appears from said applications that:

(1) the operations of the auction or loose leaf tobacco warehouse industry consist of the services necessary and incidental to the sale at auction of green leaf tobacco of the types above enumerated, in some instances including stripping the tobacco from the stalk and the grading thereof, and

(2) the warehouses are in operation only at certain seasons of the year because green tobacco, being the materials used by the industry, is available for natural reasons only at those seasons, and

(3) the earliest season begins about August first and the latest about January first and that the shortest season is about four weeks and the longest about four months, and

(4) the warehouses wherein said operations are performed, close at the end of the operating season each year except for maintenance, repair, clerical and sales work.

Now, therefore, upon consideration of the facts and reasons stated in said applications, the Administrator hereby determines, pursuant to Section 526.5 (c) ¹ of said Regulations, that a *prima facie* case has been shown for the granting of an exemption, pursuant to Section 7 (b) (3) of the Fair Labor Standards Act of 1938 and Section 526.3 of the Regulations issued thereunder, to the auction or loose leaf tobacco warehouse industry.

In accordance with the procedure set forth in Section 526.5 of the regulations issued under said Act, the Administrator will receive objection to the granting of the exemption and request for hearing from any person interested for fifteen days following the publication in the FEDERAL REGISTER of this preliminary determination. If no objection and request for hearing is received within fifteen days, the Administrator will make a finding upon the *prima facie* case shown upon said applications. The exemption shall become effective upon the publication of the finding in the FEDERAL REGISTER.

The said applications may be examined at Room 5321, U. S. Department of Labor, Washington, D. C.

Important.—Although the apportioned classified civil service is by law located only in Washington, D. C., it nevertheless includes only about half of the Federal Civilian positions in the District of Columbia. Positions in local post offices, customs districts, and other field services outside of the District of Columbia which are subject to the Civil Service Act are filled almost wholly by persons who are local residents of the general community in which the vacancies exist. It should be noted and understood that so long as a person occupies, by original appointment, a position in the apportioned service, the charge for his appointment continues to run against his State of original residence. Certifications of eligibles are first made from States which are in arrears:
